Medical Travel Insurance including Repatriation

Medical and Repatriation insurance is **COMPULSORY**. You may either purchase your own with your personal travel insurance, or you may purchase the cover offered by the LOC at a daily charge of EURO 3.92 per day. This cover is only required if your personal travel insurance does not provide medical and repatriation insurance for participation in a sports event. It does not include travel or luggage cover. To protect against your own potential financial losses, including flights, accommodation, and catering costs, it is strongly recommended that you have **travel insurance** in place.
